

Perfecting the Art of Skilled Nursing Care.

A calling forged of respect and empathy.

It takes a special kind of person to work for our nursing center; someone who is concerned with and attentive to the needs of those who are *in need*. It takes respect and empathy and that's our staff.

We are a small and friendly 30-bed nursing center whose licensed nursing staff is committed to your loved one's physical, intellectual and emotional health every minute of every day.

Dallastown Nursing Center is proud to have loyal and dedicated employees who make it a point to know each of **"their" residents** by name.

Private & semi-private rooms are available (never more than two persons in a room). Private insurance and/or Private pay accepted, as well as VA benefits. (Medicare not accepted)

Dallastown Nursing Center has been in your community for you and your loved ones nearly 65 years. This is the measure of people who truly care about senior health.
